Saturday Market

MARKETPLACE • COMMUNITY • CELEBRATION

From JJ

Hello Saturday Market Members!
Thank you for coming out today, we wish you the happiest of sales.
Maps for the Holiday Market are now available at the Info Booth! Be sure to have a map ready when it comes time for booking. Being prepared for the booking call helps the process move along smoothly for everyone. The postcards are being mailed out this Wednesday, June 22nd, and the online application should be live this Tuesday, June 21st.
As the weather warms up the people come out! This is wonderful for the Market, but sometimes there are folks who do not do well in public settings. If you have a member of the public who is being inappropriate, please call the Info Booth at 541-686-8885 so that we may handle the situation. We want the Market to be a safe and enjoyable space for both the public and the Membership.
Next Saturday will be AJ's last Market. Be sure to stop by and wish him well on his new path. We cannot thank AJ enough for the tireless work that he has put into supporting the Membership and the Market. His huge heart, sense of humor, and institutional knowledge will be missed.

Happy Selling!
JJ

Sustainability Corner

Now that food is growing in our gardens, and the farmer's market has returned across the street, it's a great time for an Eat Local Challenge! What are the rules or guidelines? Of course that is ultimately up to you, but according to Slow Food USA, this is a good way to start:

- Eat two meals a week sourced with local, traditional ingredients
- Eat only free-range meat raised in your region
- Shop at a farmers' market at least once a week
- Buy no imported food or products made over 200 miles away

Try this for a month, and see how you feel. You can also modify these suggestions. Maybe you want to eat only food produced in your county or a 10 mile distance from your home. Maybe you try only eating local, organic produce. Maybe you start a garden or learn how to fish. The point is to go beyond your current choices and take more responsibility for our planet's health. The emotional lift of making these choices and the physical boost of eating less processed and fresher food could create a permanent and positive shift in you.

Even if we did one of these things, it could make a big difference in so many ways, but most importantly it builds our awareness and connection to the bigger picture of shifting back to a more sustainable way of life.

The mission of Slow Food USA is to create a world where all people can eat food that is good for them, good for the people who grow it, and good for the planet. To learn more, visit: www.slowfoodusa.org.

From Your Standards Committee

This week we will continue with "A" in the Market Standards and Crafts Guidelines Handbook.

Artwork, Reproductions:

"Commercially manufactured reproductions of the Member's original art are permitted if original artwork of the same general classification is simultaneously displayed. Reproductions of artwork on 3D objects are not permitted, including but not limited to mugs, cutting boards, and tiles. Commercially manufactured embroidered patches, even if from original art, are not acceptable."- Market Standards & Craft Specific Guidelines page 4.

This one does need some explanation. We ask that you display an original if you have your artwork commercially reproduced. It does not have to be any artwork that you have for sale as a reproduction or it does not have to be for sale. Next reproducing your flat 2D art on to a 3D object, as listed above, is not acceptable.

The next one about patches warrants explanation also. The reason you cannot have your art commercially reproduced on to commercially embroidered patches is that we have artists at the market who do hand embroidered patches. And it turns your 2D art into a 3D object.

Belt buckles, Commercial:

"Plain, unmarked commercial buckles must be attached to a vendor-made belt and may not be sold or displayed separately."- Market Standards & Craft Specific Guidelines page 4.

No need for any explanation this one speaks for itself.

Belts, Commercial:

Plain commercial belts must be displayed and sold attached to a member-made buckle. Machine embossing is not acceptable."- Market Standards & Craft Specific Guidelines page 4.

No need for any explanation this one speaks for itself also.

Next time, we will start with Body Care Products and move forward from there.

Teresa Pitzer and Gary Becker

The next Standards Committee Meeting is scheduled for Wednesday, July 20th at 5:15PM

Media Tips with Renee

This week we will be talking a bit about the upcoming Peace Rock Campaign for the World Athletics Championship. Some of you have already begun the process of picking out and painting your rocks, which is awesome! If you are in need of a rock, or more information about the project, please see the Info Booth. Mary Newell has kindly donated several rocks with engraved backs. So feel free to pick one up.

Once your rock is painted and completely dry, please return it to the Info Booth or the office before July 9th. Please feel free to take pictures of your rocks, since we will be trying to track the rocks online using the hashtag: #saturdaymarketrocks

We will have two painting meet-ups before July 9th, on Zoom and in the office. One will be held on June 24th and the other will be held on July 8th. Because of COVID concerns, there will only be 5 spaces available in the office. To reserve a space or get a link to the Zoom meeting, please email Renee.

As always if you have any questions, about Peace Rocks, social media, marketing, you are all more than welcome to email me at: renee@eugen Saturdaymarket.org

Happy Posting!
Renee
