## From the General Manager

### The Magic Envelopes

Every exhibitor at Saturday Market receives a “member payment envelope” during their morning check in. Around the office these envelopes are referred to as the “magic envelopes,” as each one lives a life beyond just the transfer of Market funds. Envelopes are returned to the office where the information (booth fee, revenue percent share and any donations) is reviewed and entered into the Market database, there by generating member points for that day. Members are encouraged to double check their names on the envelopes, booth numbers and the amount of cash or check being transferred. The Market appreciates receiving the envelopes at the end of the day by 4:30pm at the Info Booth, but members can also drop off at the office by the following Wednesday in order to get a point for the next Saturday.

### Work Tasks for Holiday Market

Members exhibiting at the 2022 Holiday Market are encouraged to sign up for at least one task to support the overall Holiday Market operations. Board, Committee, Task Force, and members over 65 are exempt from Work Tasks. Those who complete at least one work task will not need to pay the \$40 Work Task fee.

### Upcoming Special Markets

On October 29th, the Market will celebrate Halloween and exhibitors are encouraged to don their favorite costume. On November 5, the Market will also celebrate Día de Los Muertos, with special entertainment.

### Contact the Market Staff

Market members can always contact the office by emailing [info@eugenesaturdaymarket.org](mailto:info@eugenesaturdaymarket.org), calling 541-686-8885 or visiting the office at 30 E. Broadway #124. On Market days, all calls to the office phone number are forwarded to the cell phone at the Info Booth. Members are encouraged to contact to Market staff through the office or Info Booth. We're happy to help our members however we can!

From Your General Manager.

## Sustainability Corner

This week I'll be sharing energy conservation tips from the Community Services Consortium, a non-profit serving Linn, Benton and Lincoln counties. Their mission: to overcome poverty by connecting people to tools and resources they need to build better futures.

Did you know that on average 13% of all household energy usage is from phantom power? “Phantom power” is energy used by devices and appliances that are running but not being used. According to CSC, reducing your home's phantom power usage could save you almost \$300 a year! So, they recommend a few things to help: unplug and/or power down any devices and appliances not being used (especially when leaving for long periods of time), make sure your refrigerator is set between 38-42 and freezer between 0-5, and upgrade kitchen appliances whenever possible to newer and more energy efficient models.

Did you also know that lighting makes up on average 25% of a home's energy consumption, but only 10% of this energy creates light and the other 90% creates heat? The CSC offers these helpful tips to reduce your energy usage for lighting: switch out any light bulbs you can for LED bulbs that use 75% less energy and last over 30 times longer than conventional bulbs, turn off lights and lamps in rooms not being used (especially when gone for a long period of time), and open your blinds and curtains as much as possible during the day to light your home instead of turning on lights. Natural lighting uses no energy and has proven to have mental and physical health benefits!

Next time I'll share some insulation tips, and don't forget to send any sustainability ideas or questions to: [goosehillgifts@gmail.com](mailto:goosehillgifts@gmail.com). Have a great week!

Similarly, if you simply would like to share a Día de Los Muertos memory or help by volunteering please also send me an electronic mail or call the office.

Also, if any new members have not received their member shout out, please let me or another staff member know. We have done a lot of shout outs on our MailChimp newsletter and apps, but I don't want to miss anyone.

Thank you all so much! As always if you have any questions, comments, concerns, or ideas you are all more than welcome to email me at:
