From the General Manager

Hello Marketeers:
Welcome to the fall season! The leaves are starting to fall around the Park Blocks and the milder weather has arrived.

Sustainability Corner

It is so nice that cooler weather has finally come our way! However, it's important to stay mindful throughout the year about sustainable steps everyone can take to help combat climate change, so let's keep the conversation going. The following is a summary from the Sierra Club of several ways to help halt climate change.

1. Seize the power at the poll! Make sure you are registered to vote and exercise your rights by voting. Our planet's future is at risk, so make your voice heard this way. I encourage my son to vote by reminding him that some people in the world do not have this right and sometimes circumstances make it hard for other people to vote. Let's not take it for granted.

2. Not the first time you've heard this one, but it's so right on and worthy of repeating: reduce, reuse, recycle. You can always make different choices when purchasing. Ask yourself, can I go without this item? Can I or someone reuse it somehow or can I compost or recycle it? These simple questions will build your awareness and shift your choices. This saves us money, energy, resources and future life on the planet!

3. The price of gas is probably already helping you with this next step. Plan your trips and daily commute by trying public transportation, riding a bike, carpooling, working remotely and shopping on the way to/from work. I live about 20 minutes from where I do my shopping, so I try to do all my errands on the same day. Not only am I saving gas money and reducing my carbon footprint, I am also gaining time for work or leisure!

Thanks so much for reading. Please email me with any sustainability ideas at: goosehillgifts@gmail.com.

UnClassifieds

To place your free unclassified, bring it to the Info Booth by the end of the day, to the office by Thursday at noon, or email it to us at info@eugen Saturdaymarket.org with "NEWSLETTER" in the subject.

Plums Needed for Sugar Plum Magic

I am planning to make my usual yearly batch of sugarplums, but the trees I usually forge from are inaccessible this year. If anyone has extra plums available, I'd be happy to trade some of my pickles or jam for a bag or two of plums. Preferably the Italian style plums. Call Audra at (209) 585-7947 to arrange a meeting.

Apples for Apple Cider Vinegar

Tom of kitchari4all is interested in trading finished apple cider vinegar for apples. The apples would need to given now, and the cider will be ready in a few months (after it has been processed). Most apple species accepted. For more details email Tom at yesmrhappy@gmail.com.

Recommendation for Websites

From Willy Gibboney: "If you are looking to build a website for your business, I recommend Aunia Kahn at Rise Visible (www.risevisible.com). She built my site, and is local. She offers website building, local set, graphic design, and initial marketing. She is very approachable, and user friendly. Aunia Kahn (541) 801-3003.

Unloading/Loading Helper Wanted

Jo Ann Siner of Button Lady Incense needs a helper to assist with unloading and loading her display/set-up on market days. Those interested should call (541) 687-1105.

Booth Weights Available

Booth weights are required for pop-up booths and umbrellas. A flying booth can cause a lot of harm. You must have proper weights as the fire marshall can inspect us at any time.

We have canvas weight bags with clips available at the Info Booth or during the week in the office for \$10 each or 4 for \$35. They are not filled. You will have to do that yourself, but it's easy and inexpensive. You can purchase weighty material of your choice for about \$5 or less at Lane Forest Products.

Weather

The weather peeps have declared that today will be a cloudy day. The high today is expected to be 81°F with a low of 50°F. A wind of 5mph is expected from the North Northwest. Humidity is expected to be at 58%, and there is a 8% chance of the rain drops.

Sales, O sales, sales I hope!
